

NORTH MISSISSIPPI MEDICAL CENTER

NMMC IUKA IMPLEMENTS CARDIAC STRESS TESTING. NMMC-Iuka is proud to announce that Cardiolyte (cardiac stress testing) is available at their facility. These tests will help determine if a patient requires further cardiac intervention. Fred Truesdale, NMMC-Iuka Administrator, reported “we are proud to offer these services to our patients and families in order to increase available access to quality health care in our community.” For more information, contact your local health care provider.

NMMC-Iuka is one of six hospitals nationwide, and the only one in Mississippi, to receive the PREMIER HEALTH CARE ALLIANCE inaugural QUEST Award for High Value Healthcare.
