

Development Foundation Membership Campaign

Tishomingo County Development Foundation (TCDF) is the public-private nonprofit partnership for economic development in Tishomingo County.

Over the past ten years, over 1,800 new manufacturing jobs have been created and committed in Tishomingo County. Over \$340,000,000 in private money has been invested in Tishomingo County during the same time period. Small business development in 2016 was at a record high.

We still have a long way to go and TCDF and its partners will not rest until every citizen who wants a job has one that pays a living wage.

Our *2016 Annual Report* is on the county web site at www.tishomingo.org or you may contact Theresa or Shae'a at 662-423-9933 or info@tishomingo.org to request a printed copy.

Will you join us in this successful partnership effort? Your membership dues are used to create jobs and private investment in Tishomingo County.
